

March 1 2017 Planning Board

Lovell Maine 04051

Members present; Richard Legere, Kevin McDonald, Ed Ryan, Karen Bacchiocchi , Pat Williams, Jane Lansing and Al Broyer.

Absent Ron McAllister

Also Present; Heinrich Wurm, Bill Paullman and Sarah Clemmons

Meeting called to order at 7:00pm by Chairman Ryan.

Minutes; Motion by Mr Broyer to approve with revision, vote is unanimous to do so.

Old Business; There will be no activity on the Fox Subdivision. Solar arrays discussion will take place after Mr Wurms presentation.

Item 7; Kezar Lake Watershed Association report.

Speaker is Heinrich Wurm. Mr Wurm presents the current status of the lake as " so far so good". The lake is acid due to all the granite. The web page has been improved and contains a large amount of data concerning the lake. A 1,000 year core sample was taken and is yielding huge data about global warming and man's effect on the environment, both good and bad. Mr Wurm would like the Town to address climate change and the Towns carbon footprint in the next comprehensive plan. Mr Paullman speaks to PH factor and buffer zones. A handbook may go to each land owner on the lake this Summer.

Presentation is completed at 7:28pm.

Solar Array discussion; The board is searching for limits, size, use, roof top, the village, etc, etc. There is much discussion about this issue. Chairman Ryan speaks to research he is doing, is ongoing and will be shared as information becomes available.

Meeting is adjourned at 7:52pm

Respectfully submitted Kevin McDonald
