1. We opened with a Public Meeting addressing our decision to Abandon a Section of Swain Road for Maintenance. Our decision is based on Testimony of Lovell Residents Stating No Town Work or Money have been spent on Swain Road between Dube and McAllister residents in over 30years. The previous owner/abutter had allowed Trailblazers Snowmobile Club to keep a trail cleared and maintained along this section and sections of Howlett land the current owner has closed the trail across that portion of the trail at this time. Public Easement Allows Public Use of this road and other Old Town Roads, any work or improvements will require a review from the Selectmen. Another factor in the decision is the fact that the Swain Road is a measurement of a Rod and a Half Width (1 ½) and is not suitable to today's Road Standards. MMA was contacted for advisement. We will Memorialize the decision at the August 7, 2018 Selectmen Meeting.
2. Approved July 24, 2018 minutes.
3. Larry reported on Public Works we will meet at the Town Garage 7:00 Aug. 7th to discuss and measure the need to repair old storage building or build a new building at this time Larry will present his plan and costs.
